Personal information

First name(s) / Surname(s) **Georgios Panagiaris**
Address(es) Agiou Spyridonos, 122 10 Aigaleo, Athens, Greece
Telephone(s) + 302105385416, 175 Mobile: +306977223197
Fax(es) +302105385176
E-mail gpanag@teiath.gr
Nationality Greek
Date of birth 02/04/1959
Gender Male

Work experience

1995-nowadays

Professor at the Department of Conservation of Antiquities and Works of Art,
Technological Educational Institute of Athens

2000-2006

Head of the Department of Conservation of Antiquities and Works of Art, Technological
Educational Institute of Athens

2003-nowadays

Member in the Directory Board of the Postgraduate Course in Museum Studies organised
by the Department of History and Archaeology and the Department of Geology and
Geoenvironment of the University of Athens, in collaboration with the Department of
Conservation of Antiquities and Works of Art of the Technological Educational Institute of
Athens.

2005-nowadays

Institutional Coordinator of the L.L.P./Erasmus (TEI of Athens)

2007- nowadays

Member of the Education and Research Committee (Technological Educational Institute
of Athens)

03/2010-04/2011

Member of the Administrative Committee of Technological Educational Institute of Ionian
Islands

Education

Dates 1985-1992
Title of qualification awarded Postgraduate Studies - Ph.D. in Biological Sciences.

Name and type of organisation providing education and training Athens University

Dates 1977-1983

Title of qualification awarded Department of Biology, (Bachelor)

Name and type of organisation providing education and training Athens University

Dates 1971-1977

Name and type of organisation providing education and training Experimental School of Athens University

training

August 1995

Leather Conservation Centre

2003

Special Training Programme for the Monitoring and Evaluation System for Centers Professional Training (KEK)

2005

Seminar about the Certification System (KEK)

2006

Seminar to be evaluator of the applications for integration of Adults Trainers in the Registration system

Personal skills and competences

Mother tongue(s) Greek

Other language(s) English

Competences Accreditation Professional licence with specialty "Conservation of Excavated Organic Materials" (Greek Ministry of Culture, Licence number: 485/26.10.2000)

EDUCATIONAL EXPERIENCE :

Sessions 1985-1986, 1986-1987 and 1989-1990

Laboratory assistant on Physical Anthropology courses. Biology Dept., University of Athens, Professor C. Zafeiratos.

1987 – 1997

Lectures to students of Biology Dept., University of Sofia, Bulgaria and to students of Medical School, University of Athens in subjects of Physical Anthropology and Conservation of archaeological skeletal remains.

Sessions 1989 – 1995

Scientific Collaborator at the Technological Educational Institute of Athens, Dept. of Conservation and Antiquities and Works of Art.

Courses: Conservation of Organic Materials (Laboratory and Theory).

General Issues of Biology

10-12/1992

Scientific Director in many VET courses in the field of Environment and Culture Heritage (Financed by EU). Implementation body University of Athens, 01 Information Company.

09-11/1994

Trainer of High School teachers in Environmental Education. Implementation body: Attica Regional Authority for Secondary Education

Session 1994 – 1995

Professor at the private College PETRA, Dept. of Conservation Technicians.

Courses: Conservation of Organic Material (Laboratory and theory).

Sessions 1995 – nowadays

Professor at the Dept. Courses:

- I) Conservation of Organic Materials
- II) General Issues of Biology

1996 – 1997

Lectures to postgraduate students at the Course «Management of Natural and Cultural Heritage». Postgraduate Program «Environmental Technology» (T.E.I. of Athens and Strathclyde University of Scotland).

1997

Lecturer in the Laboratory of Conservation and Restoration of Monuments / Works of Art, that is organized by the Postgraduated History – Archaeology Students' Committee. Subject: «Organic archaeological materials: Their variation and importance dictate special treatment».

2003-nowadays

Professor in the Postgraduate Course in Museum Studies organised by the Department of History and Archaeology and the Department of Geology and Geoenvironment of the University of Athens, in collaboration with the Department of Conservation of Antiquities and Works of Art of the Technological Educational Institution of Athens.

Coordinator of the course: Biodeterioration

RESEARCH ACTIVITY:**1985-1987 and 1989-1992**

Ph.D. at the Biology Department of the University of Athens.

Subject: "Physicoanthropological study of the skeletal material from the Neolithic era up to Hellenistic times in Central Greece and its broader area". Supervisor: Dr. C.S. Zafeiratos, Head of Laboratory of Physical Anthropology, Director of the Zoological Museum, University of Athens, Dept. of Biology.

1.7.1985 – 1.7.1987

Main researcher in the Research Programme financed by the General Secretariat of Research and Technology, titled «Physicoanthropological study of ancient human skeletal remains from Central Greece». Implementation Body: Biology Department, University of Athens

1988 – nowadays

Member of the researchers group of the Paleopathological Research Programme in Greece. (See: Paleopathology Newsletter, No 62, p.p. 9, June 1988)

1.4.1989 – 31.9.1990

Researcher in the Research Programme financed by the General Secretariat of Research and Technology titled «Processing of Genetic and Biochemical data (blood groups) from skeletal material of Western Greece, with aim to explore the anthropological structure of Ancient Greeks». Implementation Body: Biology department, University of Athens

1989 – 1991

Researcher in the Research Programme financed by the University of Athens, titled «Ondogenetic development of pupils from various areas of Greece under different geographical and social factors». Programme done in collaboration with the Biology Dept. of Sofia, Bulgaria.

June – Sept '91

Active Researcher in EU Programme (11th Division). "Study and Protection of Mediterranean Seals". Carried out by Hydra Committee of Ecologists in collaboration with Athens University.

August 1992,1993-1994

Main Researcher in the scientific bilateral collaboration project between Greece and Albania for the conservation and study of osteological material from the Archaeological site of Butrint (South Albania)

21/02/1994-21/08/1995

Main Researcher in the European Programme Life: Zagori of Ioannina. Combination of actions for the development of natural and cultural environment.

1994 – 1996

Member of Hellenic/Albanian bilateral research Programme. Subject: "Conservation and Restoration of documents and monuments of material civilization with use of new technologies». Implementation Body : Technological Educational Institute of Athens, Department of Conservation of Antiquities & Works of Art

1994 - 1996

Researcher in Research Programme PENED (91 E 183) financed by Ministry of Industry and Technology. Subject: «Contribution to the research of social and cultural data from the Middle Bronze Age up to Late Bronze Age, using archaeometry methods». Implementation Body : Technological Educational Institute of Athens, Department of Conservation of Antiquities & Works of Art

1994 – 1996

Researcher in Research Programme financed by the General Secretariat of Research and Technology. Subject: «Research on the methods of revealing and conservation of human and animal remains from palaeontological and archaeological excavations». Implementation Body : Technological Educational Institute of Athens, Department of Conservation of Antiquities & Works of Art

Jan 25th – Aug. 25th 1995

Researcher in programme PENED (91 E 184) financed by the General Secretariat of Research and Technology. Subject: “Biological and Cultural Research of Lavreotiki. Responsible for retrieval and conservation of proteinaceous materials”. Implementation Body University of Athens, Department of Biology.

Feb. 15th – Jul. 15th 1995

Main Researcher in the Research Programme (II) financed by the General Secretariat of Research and Technology. Subject: “Research on retrieval and conservation techniques of human and animal remains, from palaeontological and archaeological excavations.” Implementation Body : Technological Educational Institute of Athens, Department of Conservation of Antiquities & Works of Art

1995 – 1996

Main Researcher in Research Programme DAIDALOS () financed by the General Secretariat of Research and Technology. Subject: “Identification, Preservation and Promotion of Cultural Property of Crete.” Implementation Body : Technological Educational Institute of Athens, Department of Conservation of Antiquities & Works of Art

Mar. 1st – Jun. 31st 1997

Researcher in the research programme financed by the General Secretariat of Research and Technology. Subject: “Palaeoanthropological studies on skeletal remains retrieved in archaeological excavations in Rhodes.” Implementation Body: Anthropological Museum of University of Athens.

October 17th 1997- January 15th 1999

Scientific Coordinator of the European Research Programme (RAPHAEL) titled “Interscientific Course of Study for the selection of Conservation methods compatible with research on organic archaeological materials”. Community Scholarships. Ref. 97/412073.

1997-2000

Researcher in the Research Programme titled “Monitoring of the properties of the building material (stones) from buildings and monuments in open areas”. Implementation Body Technological Educational Institute of Athens, Dept. Conservation of Antiquities & Works of Art. Financed by the Research Committee of TEI-A.

1997-2000

Scientific Coordinator of the research Programme titled “Standardisation of colour measurements of archaeological finds, as tool of estimation of their preservation condition”. Financed by the Research Committee of TEI-A.

1997-2000

Scientific Coordinator of the Programme for the design and implementation of the curriculum of the Department of Conservation of Antiquities & Works of Art. Technological Educational Institute of Athens.

5-11/1999

Scientific Coordinator of the Research and Education Evaluation Programme in the Department of Conservation of Antiquities & Works of Art. Technological Educational Institute of Athens

1999 December 1st-2001 July 31st

Scientific Coordinator of the European Programme (CONNECT) titled "Development of a multilingual dictionary of conservation/restoration terminology in printed and digital format".

1999 December 1st-2001 May 31st

Scientific Coordinator of the European Programme (RAPHAEL) titled "Holistic approach and digital recording of the structure technology, decay, conservation and promotion of archaeological and historical leather artefact and natural history collection specimens".

2000 July 10th-2002 January 10th

Scientific Coordinator of the Greek-Russian Bilateral Research Programme titled "Development of methods for the documentation and analysis of biodeterioration data of museum objects".

2000 November 1st-2005 November 1st

Expert of the European Programme titled (CULTURE 2000/A2/GR-96-"diARTgnosis", Study of European Religious Painting REF. 2000/1182). Implementation Body: Dept. Conservation of Antiquities & Works of Art, TEI-A.

2001 March 27th-2003 September 27th

Main researcher in the European Research Programme titled "HOPE- Distant Learning Brokerage Environment for Life Long training of Individuals with emphasis in Socially Excluded Communities". Implementation Body: Dept. of Computers Graphics, TEI-A.

2002 January- 2003 December

Scientific Coordinator of the Greek-Russian Bilateral Research Programme titled «Study of the fungal decay of waterlogged wood from prehistoric settlements». Implementation Body: Technological Educational Institute of Athens

2004 April-2006 August

Scientific Coordinator of the Research Programme "ARCHIMEDES I" titled «Development of museum objects cleaning biochemical methods of natural history specimens using enzymes». Implementation Body Technological Educational Institute of Athens

2004 April -2006 August

Main Researcher in the Research Programme ARCHIMEDES I «Research for the management and enhancement of natural monuments in situ». Implementation Body: Technological Educational Institute of Athens

2005 January 2006 December

Main Researcher in the Research Programme ARCHIMEDES II, titled «Research for the Development of Acceptable Standards on the field of Conservation/ Restoration of Cultural heritage». Implementation Body: Technological Educational Institute of Athens

2005 January- 2006 December

Main Researcher in the Research Programme ARCHIMEDES II titled «The role of Local Museums in local and regional Development». Implementation Body: Technological Educational Institute of Athens

2004 July- 2005 June

Coordinator of the Scientific group of the Department of Conservation of Antiquities and Works of Art in the Programme CULTURE 2000 “Voskopoje without borders (Ref. No. CLT2004/A1/CH3C/FR-28)” Implementation Body: Technological Educational Institute of Athens

2005 November- 2006 November

Coordinator of the European Programme CULTURE 2000 “First Aids for Wetland cultural heritage finds: tradition and innovation”.

2005 November- 2007 October

Coordinator of the Scientific Group of Department of Conservation of Antiquities and Works of Art in the Programme LEONARDO DA VINCI “Defining common standards for vocational training in Cultural Heritage Conservation Skills. Developing an ECPL –European Conservation Practitioner’ License”

2006 January-2007 December

Scientific Coordinator of the Programme Greece- Germany (IUYDA 2005) titled: «*The importance of sustainability study in the overall assessment of local specific museums in Greece and Germany*». Collaboration between TEI Athens and FHTW-University of Applied Sciences Berlin Germany.

2006 October- 2008 October

Coordinator of the Project: «Creation of the Natural History Collection of Pikermi Attica» (financed by Prefecture of Eastern Attica). Implementation Body: Technological Educational Institute of Athens and University of Athens

2007 May- 2009 August

Coordinator of the Project entitled "Documentation, conservation and presentation of the Hellenistic Collection of the Archeological Museum of Hama in Syria; Establishment of Laboratory and Training of the local personnel» funded by the Dept. Hellenic Aid/ Ministry of Foreign Affairs- Republic of Greece (9116/9/1126/31.1.07 I.D.C.)

2008 August-2008 November

Coordinator of the sub-programme «Bringing to prominence ethnographic material» under the framework of the Programme entitled «Routes of the Cultural Heritage of Florina», (Bilateral Collaboration Greece- Furom 2000-2006, (INTERREG III), action 2.2 development of alternative tourism –promotion of cultural and touristic resources. Implementation Body: Technological Educational Institute of Athens

2009 June- 2010 December

Coordinator of the Project “Conservation and study of skeleton material from Grave Circle B at Mycenae”, (financed by Institute for Aegean Prehistory).

OTHER SCIENTIFIC ACTIVITIES

1.6.1984 until 30.9.1984

Participation in the Palaeoanthropological excavation at the site Apidima Mesa Manis II (financed by Ministry of Culture).

1984-1995

Consultant on conservation and environmental biology (private office)

11/1986

Organizing Committee member, assisting in preparation of Anthropological Symposium of 1986 (Greek Anthropological Association).

October '87 until March 1989

Organizing Committee member of the Scientific Programme of Greek Anthropological Association (financed by EC) Subject: "Human being and Environment".

1.9.1988 – 18.5.1989

Member of a scientific group at the Laboratory of Microbiology, Maritime Hospital (Salamina).

1988 -nowadays.

Scientific Collaborator (voluntary) of the Laboratory of Orthodontics at the Dentistry school, University of Athens.

1996 - 1997, 1997 - 1998.

Coordinator of self-assessment Committee concerning the Dept. for Conservation of Antiquities and Works or Art, at the Technological Educational Institute of Athens.

1996 - 1997, 1997 - 1998.

Representative of Dept. for Conservation of Antiquities and Works or Art, at the Technological Educational Institute of Athens at E.C.T.S system

May – June 1997.

Study concerning the creation of Conservation laboratory / Study centre on Organic materials, during the excavations on Prehistoric, lake settlements in Dispilio, Kastoria, Greece. (Excavator: G. Hourmouziadis).

July 1997 – December 1999.

Project leader of planning and realization of the Syllabus of the Dept. for Conservation of Antiquities and Works or Art, at the Technological Educational Institute of Athens

7-10/1997,1998, 1999

Member of the Examination Committee of National Ministry of Education (OEEK) for the specialization Technician for Conservation of Works of Art

11-12/ 1998.

National representative of Greece in "European Workshop: a Framework or Competence for Conservators / Restorers in Europe" VIENNA 1998.

8/1999

Participation in the Seminar entitled "Protection and Conservation of fossils" carried out in the Museum of Natural History, Lesvos

1999

Invited lecturer in the Triennial Conference of ICOM Conservation Committee held in Lyon, France.

10/1999

Member of the Scientific Committee of the 1st International Conference entitled «Physics in Culture» held in Thessaloniki

1998-2000

Representative of the Department of Conservation of Antiquities & Works of Art (TEI ATH) in the European Network for Conservation / Restoration Education (EN.Co.R.E.).

21-24 /04/ 2004

Vice-president of the organizational committee of the Conference of ICOM-CC Interim Meeting "Recent Preoccupations concerning Textiles, Leather, Legislation", Athens

2006

Vice President of the Organising Committee of the Advanced International School organised by the post graduate course "Museum Studies", titled "Professional Development in Geological and Palaeontological Heritage: retrieval, conservation, management and display", held in Lesbos Island, August 2006

2007

External Evaluator of the educational service of Technological Educational Institute of Ionian Islands

2007- nowadays

National representative of Greece in the working group of CEN TC346 (WG1 –Terminology and general issues in Conservation and WG5- Transportation).

2007- nowadays

Reviewer of the Scientific Editions “Elsevier” , “Taylor & Francis”, “International Journal of Conservation Science” and “Museum”.

2011

Member of Organizing Committee of International Conference of Intergraded Information IC-ININFO 2011, Island of Kos, Greece, 29th September – 3rd October 2011, at the Session titled “Information content preservation as outcome of Conservation of Cultural Heritage: Ethics, Methodology and Tools”

SCIENTIFIC SOCIETIES

- Member of the Council of the Greek Anthropological Association (1985 until present)
- Member of the Greek Speleological Association
- Member of the Greek Association of the Biological Sciences.
- Member of the Council of the Greek Association of Archaeometry
- Member of the Association of the Friends of the Anthropological Museum
- Member of ICRROM
- Member of ICOM
- Member of the Hellenic Section of I.I.C.
